

Empowering women and allies in the battery industry

Celebrate and empower women in the battery industry with the 2026 Women in Batteries Conference!

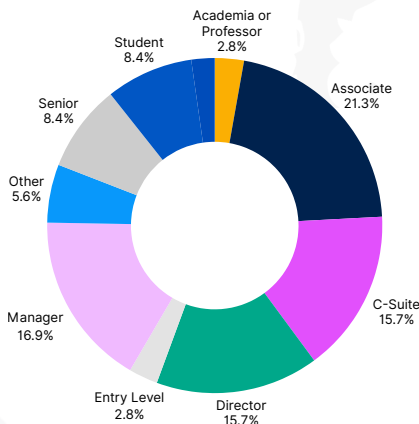

July 28-30, 2026 | Silicon Valley

This signature event unites world-class women and allies from industry, academia, and government to explore the challenges faced by women in the battery industry and collaborate on actionable strategies to drive meaningful change. By harnessing the collective wisdom, energy, and expertise of our diverse community, we aim to shape the industry into one that champions greater inclusivity and gender equality.
